MUR # 5875

Dear Sir or Madam:

The Brady Campaign to Prevent Gun Violence (Brady Campaign) hereby files this complaint against the National Rifle Association (NRA), a 501(c) (4) corporation located at 11250 Waples Mill Road, Fairfax VA 22030 and the National Rifle Association Political Victory Fund, a federally registered separate segregated fund (C00053553) connected to the NRA.

Complainant herein, the Brady Campaign, a non-profit 501 (c)(4) corporation, is asking the FEC to investigate whether the NRA is in violation of Federal Election Commission regulations and Federal Election Campaign Laws, whether the National Rifle Association has engaged in electioneering, and whether it has made illegal in-kind contributions to federal candidates by expressly advocating the election or defeat of federal candidates to the general public through its web activities.

The [www.NRAPVF.ORG](http://www.NRAPVF.ORG) website is not a password protected website and is accessible to the general public through the Internet. The undersigned has personally accessed this site without the use of a password on a nearly daily basis since the first week of October 2006.

The content of the [www.NRAPVF.ORG](http://www.NRAPVF.ORG) website which is linked from NRA corporate websites and action alerts accessible to the general public, includes the following:

- 1) Information communicating the NRAPVF's 2006 federal endorsed candidates to the general public, beyond its restricted class, through this non-password protected website. The endorsements also serve as a portal with links to the websites of endorsed candidates. The NRAPVF is making endorsements in a large number of races for the U.S. House of Representatives and the U.S. Senate. (Attachment #1 - Screen shot of [www.NRAPVF.org](http://www.NRAPVF.org) website home page. Examples of the endorsement pages are included. Endorsements are available for all 50 states; we have included sample pages for MO, VA and PA. Copies of the remaining states are available in hard copy and in electronic form)

- 2) Information encouraging the general public, beyond its restricted class, to vote for its 2006 endorsed federal candidates through a non-password protected website ([www.NRAPVF.ORG](http://www.NRAPVF.ORG)). (Attachment #2 – Screen shot from [www.NRAPVF.ORG](http://www.NRAPVF.ORG) website)
- 3) Information publicizing and encouraging the distribution of its radio and television advertising targeting specific races including the races for U.S. Senate in Virginia, Missouri, Minnesota, Pennsylvania, and Montana to the general public, beyond its restricted class. (Attachment #3 – Screen shot of multimedia section of [www.NRAPVF.org](http://www.NRAPVF.org))
- 4) Information linking its non-password protected website ([www.NRAPVF.ORG](http://www.NRAPVF.ORG)) from its corporate websites ([www.NRA.ORG](http://www.NRA.ORG) and [www.NRAILA.ORG](http://www.NRAILA.ORG)) which are accessible to the general public and encouraging visitors to those corporate websites to visit its non-password protected website ([www.NRAPVF.ORG](http://www.NRAPVF.ORG)) for information on endorsements and its election related advertising and encouraging visitors to visit ([www.NRAPVF.ORG](http://www.NRAPVF.ORG)) for information before they cast their vote. (Attachment #4 – Screen shot corporate websites showing links to [www.NRAPVF.org](http://www.NRAPVF.org))
- 5) Information providing links to its non-password protected website ([www.NRAPVF.ORG](http://www.NRAPVF.ORG)) in its corporate action alerts which have a distribution beyond its restricted class and are posted on its corporate websites ([www.NRA.ORG](http://www.NRA.ORG) and [www.NRAILA.ORG](http://www.NRAILA.ORG)), which are accessible to the general public and encouraging readers of the action alerts to visit its non-password protected website ([www.NRAPVF.ORG](http://www.NRAPVF.ORG)) and distribute them to others. (Attachment #5 – Screen shot of action alerts showing links to [www.NRAPVF.org](http://www.NRAPVF.org))
- 6) Information regarding voter registration and GOTV drives directed at visitors to [www.NRAPVF.org](http://www.NRAPVF.org) on the same page as information communicating endorsements and expressly advocating election of defeat of federal candidates. (Attachment #6 – Screen shot of multimedia section of [www.NRAPVF.org](http://www.NRAPVF.org))
- 7) Tools to allow the general public to email other members of the non-restricted class publicizing the website [www.NRAPVF.org](http://www.NRAPVF.org). (Attachment #6 – Screen shot from [www.NRAPVF.org](http://www.NRAPVF.org))
- 8) The NRA's action alerts have been posted on numerous non-connected websites which direct visitors to the [www.NRAPVF.org](http://www.NRAPVF.org) website, allowing the general public to view the electioneering information without a password. (Attachment #7 – Screen shot from [www.freehunters.org](http://www.freehunters.org))

In addition, the publicizing of endorsements, publicizing of political advertisements, and links to candidate websites on www NRAPVF org constitute in-kind contributions to those candidates, which have not been reported to the FEC.

We have additional evidence and documentation, in hard copy and electronic form, available.

For the reasons stated, Complainant Brady Campaign to Prevent Gun Violence hereby submits this Complaint against Respondents National Rifle Association and National Rifle Association Political Victory Fund asking the FEC to determine if violations of federal Campaign Laws and Federal Election Commission regulations occurred in the manner described above and if so to take appropriate action.

Sincerely,

Brady Campaign to Prevent Gun Violence

**{Welcome to the NRA Political Victory Fund}**

Thank you for visiting and for your support. Working together, we have experienced many successes over the last six years, from the ballot box to state legislatures across the country and in the U.S. Congress. In 2000 we defeated Al Gore. In 2002, we elected pro-freedom candidates to Congress, Governors mansions and state legislatures across the country--it was the most successful election cycle in NRA-PVF history. We won 94% of our U.S. Senate races, 84% of our U.S. House races and 82% of our state legislative races. In the 2004 elections, more NRA resources were better deployed in more critical battles than ever before. [Read More](#)

## GRADES - Here is what the Ratings mean

**NAMES IN BOLD AND CHECKED ARE CANDIDATES ENDORSED BY THE NRA-PVF**

**A+** An incumbent with not only an excellent voting record on critical NRA issues, but who has also made a vigorous effort to promote the Second Amendment.

**A** Solidly pro-gun candidate. An "A" incumbent who has supported NRA positions on key votes. May also describe a non-incumbent "A" candidate (one not represented with an \*) who has previously held other office and cast consistent pro-gun votes, or an "A" candidate who hasn't held office but has expressed strong support for NRA positions on Second Amendment issues. It should be noted that a "non-incumbent" candidate may have been awarded the "A" rating due solely to their responses on the NRA-PVF candidate survey.

**B** A generally pro-gun candidate, but a "B" incumbent may have voted for some restrictive legislation in the past. A "B" candidate who hasn't held office may have made some statements or taken positions against the NRA on some issues.

**C** Not necessarily a passing grade. A "C" candidate may have cast some pro-gun votes in the past but has also recently cast key votes or made some statements contrary to NRA positions on key issues.

**D** An anti-gun candidate who has frequently voted for restrictive gun control legislation or made strong statements in opposition to Second Amendment rights, and regardless of public statements can definitely not be counted on in key votes.

**F** True enemy of gun owners' rights. A vehement anti-gun candidate who always opposes gun owners' rights and/or actively leads anti-gun legislative efforts, or sponsors anti-gun legislation.

**?** Failed to answer NRA-PVF candidate questionnaire, often an indication of indifference, if not outright hostility, to gun owners' and sportsmen's rights.

**\*** Indicates an incumbent running for re-election.

NRA-ILA Special Election Alert -- Elections Matter!

Precisely because of our work and success in the 2002 and 2004 elections, we were able to lay the groundwork for the victories that you will read about below. Now the question before us is, "What will the future hold?" Two years from now, will we be reporting on more victories in our quest to protect and preserve the Second Amendment? Or, will our update contain bad news for gun owners? Election Day -- Tuesday, November 7 -- will be when the next chapter in the history of the Second Amendment will be written. Your work in the coming weeks will be what spells the difference between pro- and anti-gun candidates on Election Day.

**President Bush Signs NRA-backed "Disaster Recovery Personal Protection" Measure into Law**

President George W. Bush signed into law the prohibition of confiscation of legal firearms from law-abiding citizens during states of emergency. This action became necessary following practices by local officials in New Orleans in the wake of Hurricane Katrina. This new law was part of the Department of Homeland Security Appropriations bill. "I want to thank President George W. Bush for signing this vital measure into law," declared Chris W. Cox.

In addition to practicing what NRA preaches on volunteerism, Rick also dedicated his professional life to public service, as he served four statewide elected offices, including serving in the former S C Attorney General's Office as an investigator. Additionally, at the time of his passing, Rick served as a State Constable Officer in S C State Guard (Special Liaison Unit) and was a longtime aide to South Carolina Comptroller General, Richard Eckstrom (R). He was eulogized by, among others, Lt. Governor Andre Bauer (R), and the service was attended by other elected officials.

Not only was Rick among the top pro-gun activists in the country, but he was a friend to many of us in the NRA family. His activism, wit, friendship, guidance, and professionalism will be sorely missed, and our thoughts and prayers remain with his family and friends.

The son of Evelyn Spires and the late Herman Daniel, Rick is survived by his loving wife Esther and two daughters, Heather Rhea and Kara Nina, his brother Jim and wife Tonette, with niece Jamie, and sister Linda and her husband Cherley Butler.

**"GIVE THEM BACK"**

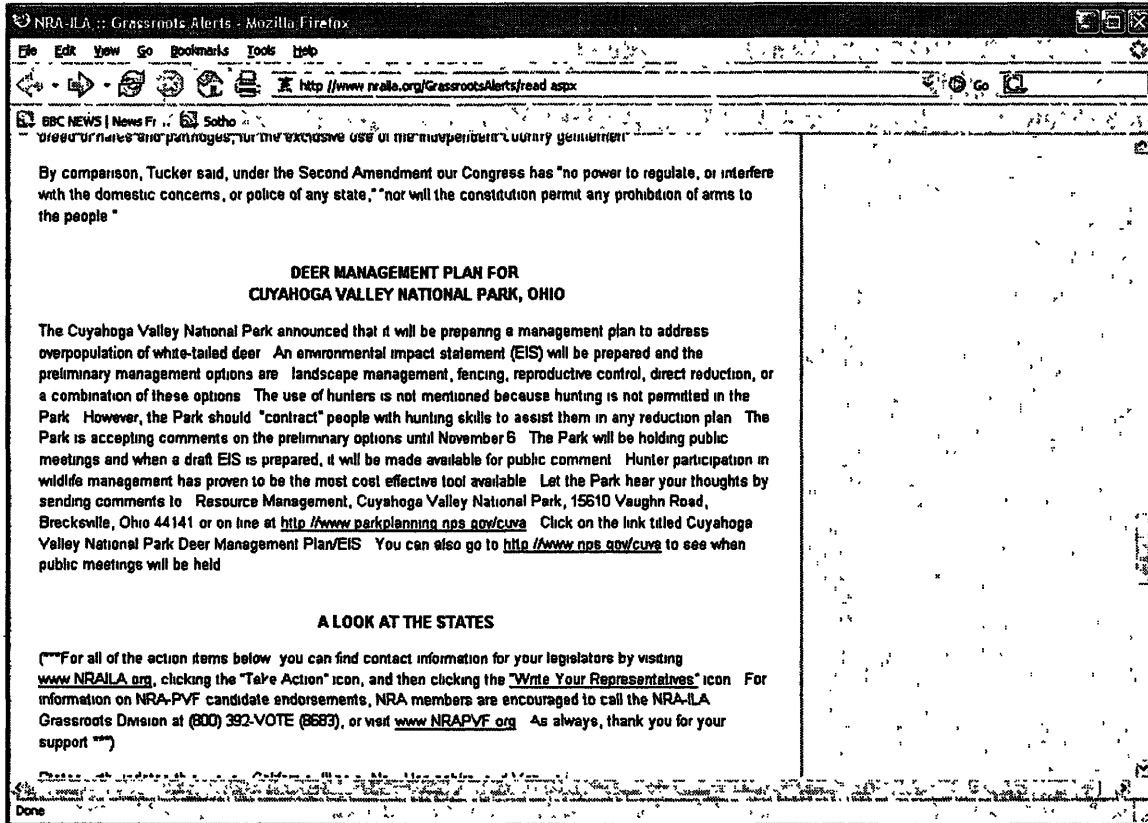

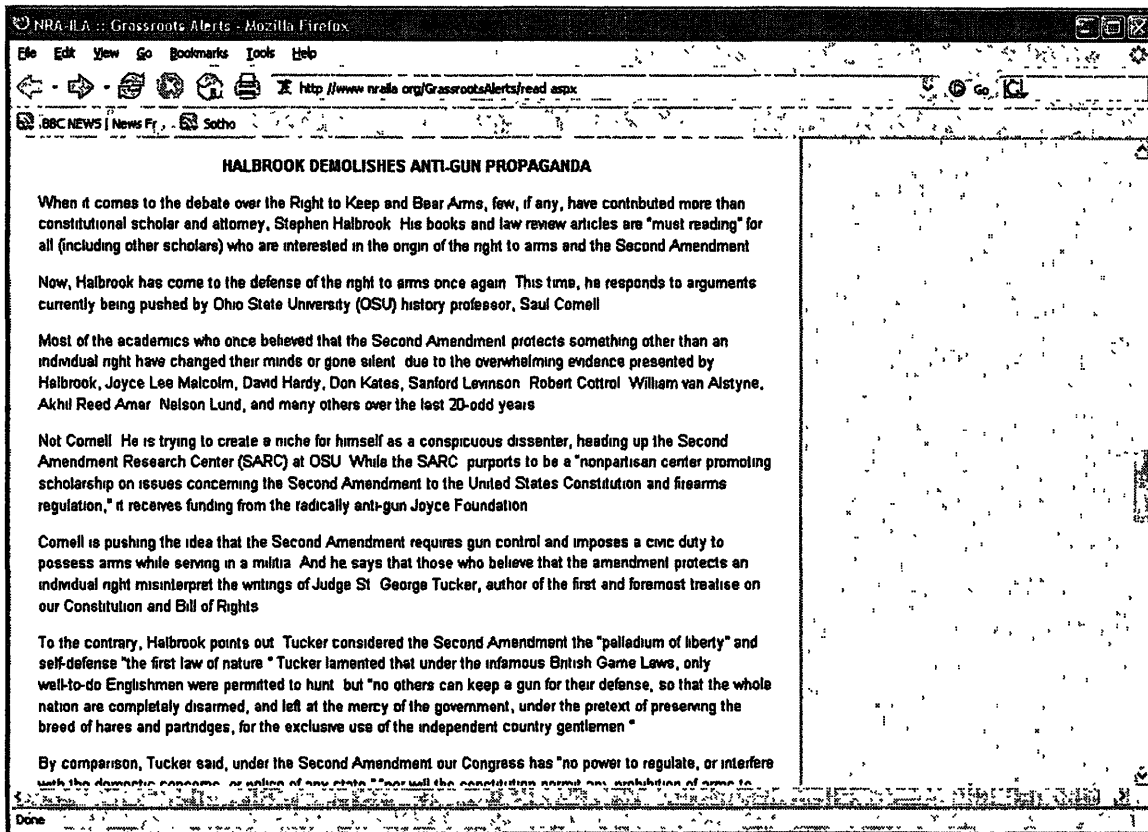

As you've read in previous Grassroots Alerts, in the wake of Hurricane Katrina, law-abiding citizens had their lawfully owned firearms confiscated by local officials! When citizens needed protection the most, they were stripped of their right to self-defense. As you've also read, President Bush recently signed NRA-backed legislation to ensure such travesties are never repeated.

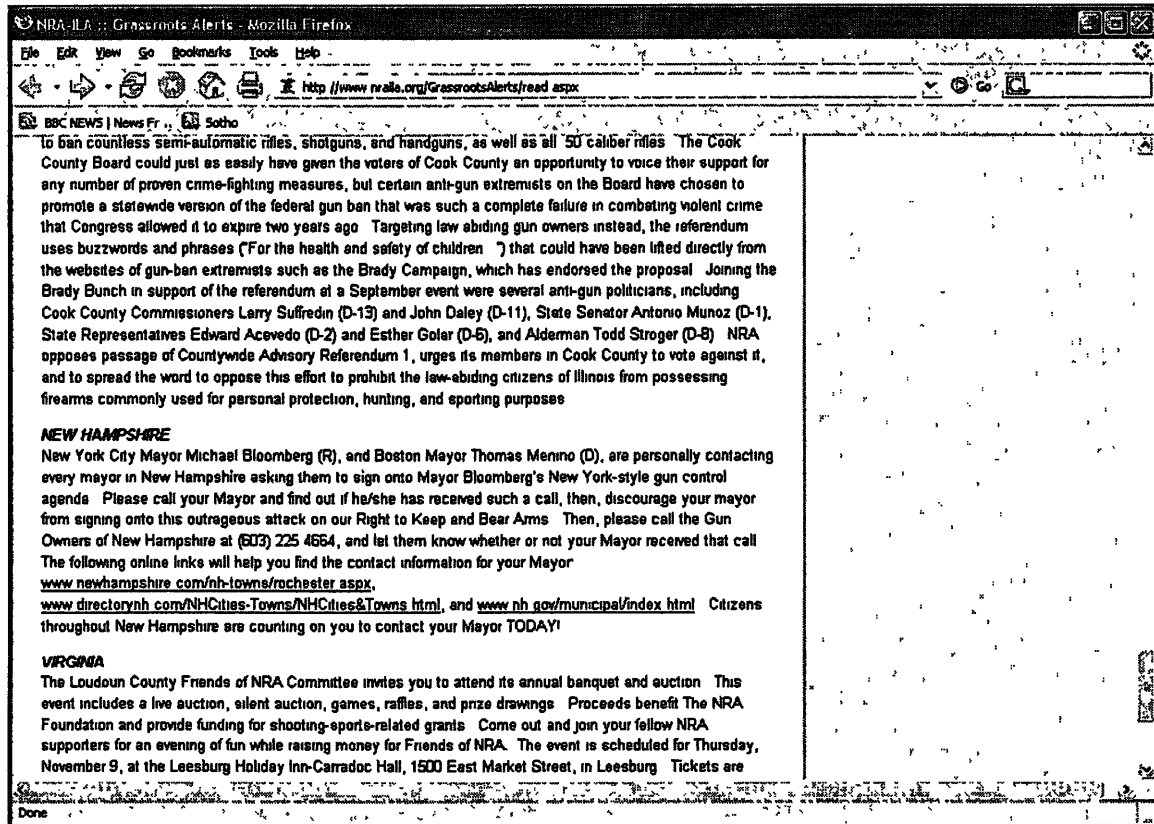

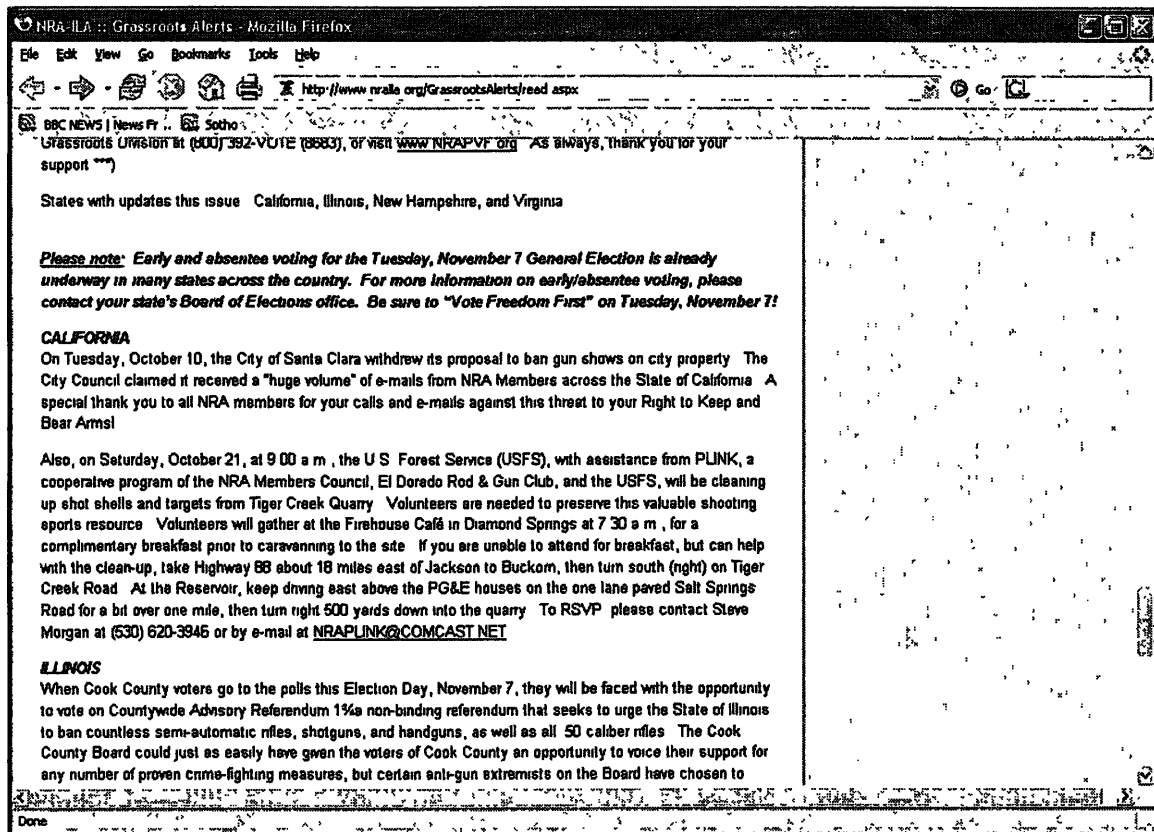

NRA has launched a new web site—<http://www.givethemback.com/>—with shocking video coverage of New Orleans gun confiscations that you'll never see on ABC, CBS, or NBC. This site gives gun owners a stark and brutal reminder of why we must defend our firearm freedoms with passion and vigilance, in Congress, in state legislatures, in the courts. **AND ON ELECTION DAY.**

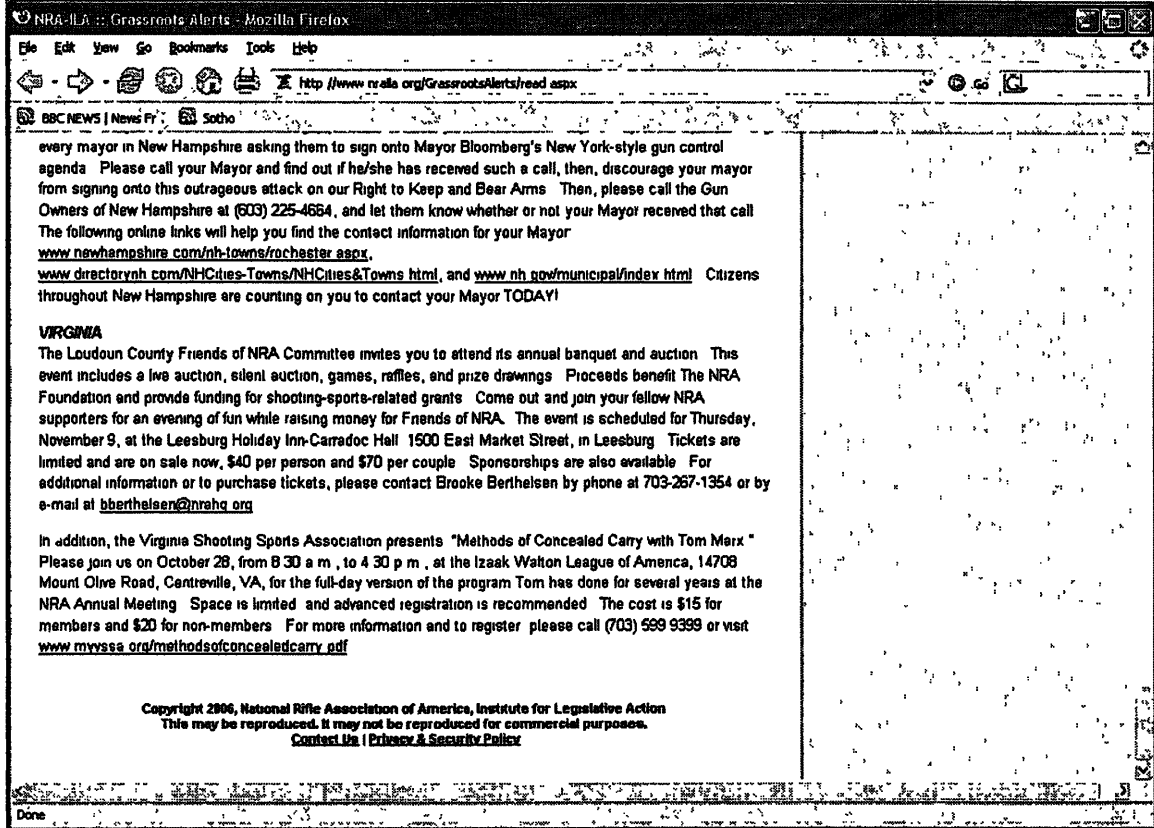

This site makes it clear why gun owners can never, ever sit on the sidelines during an election, and serves as a slap-in-the-face wake up call for every gun owner who thinks anti-gun politicians don't have the nerve or the will to confiscate our guns. And why they must be defeated before they ever get their hands on power!

Please be sure to visit <http://www.givethemback.com/> today and forward the link to your friends, family, and fellow gun owners. Remember what happened in New Orleans, and let your voice be heard on Election Day—Vote Freedom First on November 7! With your help, we're going to make the first time in New Orleans the LAST time in America.

eulogized by, among others, Lt. Governor Andre Bauer (R), and the service was attended by other elected officials.

Not only was Rick among the top pro-gun activists in the country, but he was a friend to many of us in the NRA family. His activism, wit, friendship, guidance, and professionalism will be sorely missed, and our thoughts and prayers remain with his family and friends.

The son of Evelyn Spires and the late Herman Daniel, Rick is survived by his loving wife Esther and two daughters, Heather Rhea and Kara Nina; his brother Jim and wife Tonette, with niece Jamie; and sister Linda and her husband Charley Butler.

### **"GIVE THEM BACK"**

As you've read in previous Grassroots Alerts, in the wake of Hurricane Katrina, law-abiding citizens had their lawfully owned firearms confiscated by local officials! When citizens needed protection the most, they were stripped of their right to self-defense. As you've also read, President Bush recently signed NRA-backed legislation to ensure such travesties are never repeated.

NRA has launched a new web site--<http://www.givethemback.com/>--with shocking video coverage of New Orleans gun confiscations that you'll never see on ABC, CBS, or NBC. This site gives gun owners a stark and brutal reminder of why we must defend our firearm freedoms with passion and vigilance, in Congress, in state legislatures, in the courts...AND ON ELECTION DAY.

This site makes it clear why gun owners can never, ever sit on the sidelines during an election, and serves as a slap-in-the-face wake up call for every gun owner who thinks anti-gun politicians don't have the nerve or the will to confiscate our guns. And why they must be defeated before they ever get their hands on power!

Please be sure to visit <http://www.givethemback.com/> today, and forward the link to your friends, family, and fellow gun owners. Remember what happened in

New Orleans, and let your voice be heard on Election Day--Vote Freedom First on November 7! With your help, we're going to make the first time in New Orleans the LAST time in America

## HALBROOK DEMOLISHES ANTI-GUN PROPAGANDA

When it comes to the debate over the Right to Keep and Bear Arms, few, if any, have contributed more than constitutional scholar and attorney, Stephen Halbrook. His books and law review articles are "must reading" for all (including other scholars) who are interested in the origin of the right to arms and the Second Amendment.

Now, Halbrook has come to the defense of the right to arms once again. This time, he responds to arguments currently being pushed by Ohio State University (OSU) history professor, Saul Cornell.

Most of the academics who once believed that the Second Amendment protects something other than an individual right have changed their minds or gone silent, due to the overwhelming evidence presented by Halbrook, Joyce Lee Malcolm, David Hardy, Don Kates, Sanford Levinson, Robert Cottrol, William van Alstyne, Akhil Reed Amar, Nelson Lund, and many others over the last 20-odd years.

Not Cornell. He is trying to create a niche for himself as a conspicuous dissenter, heading up the Second Amendment Research Center (SARC) at OSU. While the SARC purports to be a "nonpartisan center promoting scholarship on issues concerning the Second Amendment to the United States Constitution and firearms regulation," it receives funding from the radically anti-gun Joyce Foundation.

Cornell is pushing the idea that the Second Amendment requires gun control and imposes a civic duty to possess arms while serving in a militia. And he says that

27044183171

those who believe that the amendment protects an individual right misinterpret the writings of Judge St. George Tucker, author of the first and foremost treatise on our Constitution and Bill of Rights.

To the contrary, Halbrook points out, Tucker considered the Second Amendment the "palladium of liberty" and self-defense "the first law of nature." Tucker lamented that under the infamous British Game Laws, only well-to-do Englishmen were permitted to hunt, but "no others can keep a gun for their defense; so that the whole nation are completely disarmed, and left at the mercy of the government, under the pretext of preserving the breed of hares and partridges, for the exclusive use of the independent country gentlemen."

By comparison, Tucker said, under the Second Amendment our Congress has "no power to regulate, or interfere with the domestic concerns, or police of any state," "nor will the constitution permit any prohibition of arms to the people."

#### DEER MANAGEMENT PLAN FOR CUYAHOGA VALLEY NATIONAL PARK, OHIO

The Cuyahoga Valley National Park announced that it will be preparing a management plan to address overpopulation of white-tailed deer. An environmental impact statement (EIS) will be prepared and the preliminary management options are: landscape management, fencing, reproductive control, direct reduction, or a combination of these options. The use of hunters is not mentioned because hunting is not permitted in the Park. However, the Park should "contract" people with hunting skills to assist them in any reduction plan. The Park is accepting comments on the preliminary options until November 6. The Park will be holding public meetings and when a draft EIS is prepared, it will be made available for public comment. Hunter participation in wildlife management has proven to be the most cost effective tool available. Let the Park hear your thoughts by sending comments to: Resource Management,

### **CALIFORNIA**

On Tuesday, October 10, the City of Santa Clara withdrew its proposal to ban gun shows on city property. The City Council claimed it received a "huge volume" of e-mails from NRA Members across the State of California. A special thank you to all NRA members for your calls and e-mails against this threat to your Right to Keep and Bear Arms!

Also, on Saturday, October 21, at 9.00 a.m., the U.S. Forest Service (USFS), with assistance from PLINK, a cooperative program of the NRA Members

27044183173

Council, El Dorado Rod & Gun Club, and the USFS, will be cleaning up shot shells and targets from Tiger Creek Quarry. Volunteers are needed to preserve this valuable shooting sports resource. Volunteers will gather at the Firehouse Café in Diamond Springs at 7:30 a.m., for a complimentary breakfast prior to caravanning to the site. If you are unable to attend for breakfast, but can help with the clean-up, take Highway 88 about 18 miles east of Jackson to Buckorn, then turn south (right) on Tiger Creek Road. At the Reservoir, keep driving east above the PG&E houses on the one lane paved Salt Springs Road for a bit over one mile, then turn right 500 yards down into the quarry. To RSVP, please contact Steve Morgan at (530) 620-3946 or by e-mail at [NRAPLINK@COMCAST.NET](mailto:NRAPLINK@COMCAST.NET).

### *ILLINOIS*

When Cook County voters go to the polls this Election Day, November 7, they will be faced with the opportunity to vote on Countywide Advisory Referendum 1¾a non-binding referendum that seeks to urge the State of Illinois to ban countless semi-automatic rifles, shotguns, and handguns, as well as all .50 caliber rifles. The Cook County Board could just as easily have given the voters of Cook County an opportunity to voice their support for any number of proven crime-fighting measures, but certain anti-gun extremists on the Board have chosen to promote a statewide version of the federal gun ban that was such a complete failure in combating violent crime that Congress allowed it to expire two years ago. Targeting law-abiding gun owners instead, the referendum uses buzzwords and phrases ("For the health and safety of children...") that could have been lifted directly from the websites of gun-ban extremists such as the Brady Campaign, which has endorsed the proposal. Joining the Brady Bunch in support of the referendum at a September event were several anti-gun politicians, including Cook County Commissioners Larry Suffredin (D-13) and John Daley (D-11); State Senator Antonio Munoz (D-1); State Representatives Edward Acevedo (D-2) and Esther Golar (D-6); and Alderman Todd Stroger (D-8). NRA opposes passage of Countywide Advisory Referendum 1, urges its

members in Cook County to vote against it, and to spread the word to oppose this effort to prohibit the law-abiding citizens of Illinois from possessing firearms commonly used for personal protection, hunting, and sporting purposes.

### ***NEW HAMPSHIRE***

New York City Mayor Michael Bloomberg (R), and Boston Mayor Thomas Menino (D), are personally contacting every mayor in New Hampshire asking them to sign onto Mayor Bloomberg's New York-style gun control agenda. Please call your Mayor and find out if he/she has received such a call, then, discourage your mayor from signing onto this outrageous attack on our Right to Keep and Bear Arms. Then, please call the Gun Owners of New Hampshire at (603) 225-4664, and let them know whether or not your Mayor received that call. The following online links will help you find the contact information for your Mayor: [www.newhampshire.com/nh-towns/rochester.aspx](http://www.newhampshire.com/nh-towns/rochester.aspx), [www.directorynh.com/NHCities-Towns/NHCities&Towns.html](http://www.directorynh.com/NHCities-Towns/NHCities&Towns.html), and [www.nh.gov/municipal/index.html](http://www.nh.gov/municipal/index.html). **ONE MONTH TO GO—  
WHAT (MORE) CAN YOU DO?**

With the November 7 elections just around the corner, here are some activities in which pro-Second Amendment activists must be involved to assure victory for pro-gun candidates on Election Day. While we can't expect every gun owner to do everything, we must work to ensure every gun owner does something!

**YARD SIGNS:** The key to placing yard signs is location, location, location. Put signs where large numbers of people will see them, but out of sight of ways. Ask fellow firearm owners who have property that would make a good sign location to post a sign, and make sure the "natural resources of the pro-gun community" (gun shows, gun shops, shooting ranges, and gun and hunting clubs) have signs prominently displayed. Don't put signs on private property without permission, and don't tamper with the opposition's signs! And, of course, make sure you have a pro-gun candidate's sign in your yard or on your property!

**LITERATURE DROPS:** Literature drops are an extremely effective way for Second Amendment supporters to get out their message regarding pro-freedom candidates. Again, take advantage of the "natural resources" of the pro-gun community. Gun shows are the best venue to conduct a literature drop. Check with the show promoter to set up a literature table or share one with a fellow NRA member or pro-gun supporter. Or, better yet, hand out pro-gun candidates' literature to all attendees as they enter the show. If distributing literature in neighborhoods, never put materials in a mailbox! Remember, the goal of this activity isn't to debate with anti-gun voters, but rather, to distribute as much material to as many potential voters as possible!

**BUMPER STICKERS:** Make sure every vehicle you own has a pro-gun candidate's (and/or NRA) bumper sticker on it. Then, work to ensure the vehicles of your friends and fellow firearm owners are proudly displaying a sticker(s) as well!

**LETTERS TO THE EDITOR:** Please submit at least one letter to the editor of your local newspaper in support of a pro-gun candidate between now and Election Day. Consult your paper's deadlines, as some papers stop accepting political letters to the editor on a certain date prior to the election. You can find media contact information by visiting our homepage—[www.NRAILA.org](http://www.NRAILA.org)—and accessing the "Take Action" section and then clicking the "Write The Media" link. Your goal in writing should be to ensure that pro-gun candidates are receiving positive media in these final days leading up to November 7.

Apache Junction Update: Due to the high volume of calls from concerned gun owners, the City Council has agreed to hold a public hearing to address the lack of procedure under which the Apache Junction Police Chief operated, when his staff destroyed over 1200 firearms. According to the City Attorney and Vice Mayor Eck, this absence of procedure is what will be discussed at the November 7 hearing and public comment is welcome to help in the crafting of policy. Please mark your calendars to attend this important public hearing to be held Tuesday, November 7, at 7:00 p.m., at the A. J. Municipal Court, 300 East Superstition Blvd., Apache Junction, AZ 85219. Also, on Tuesday, October 10, at 8:40 p.m. (Arizona time), Vice Mayor R. E. Eck will be on NRA news ([www.NRAnews.com](http://www.NRAnews.com)) to further discuss this important issue. Don't forget to tune in! Please keep checking your email and [www.NRAILA.org](http://www.NRAILA.org) for updates!

#### CALIFORNIA

On Friday, September 29, Governor Arnold Schwarzenegger (R) protected the Second Amendment by returning SB59 to the State Senate and AB2714 to the State Assembly without his signature.

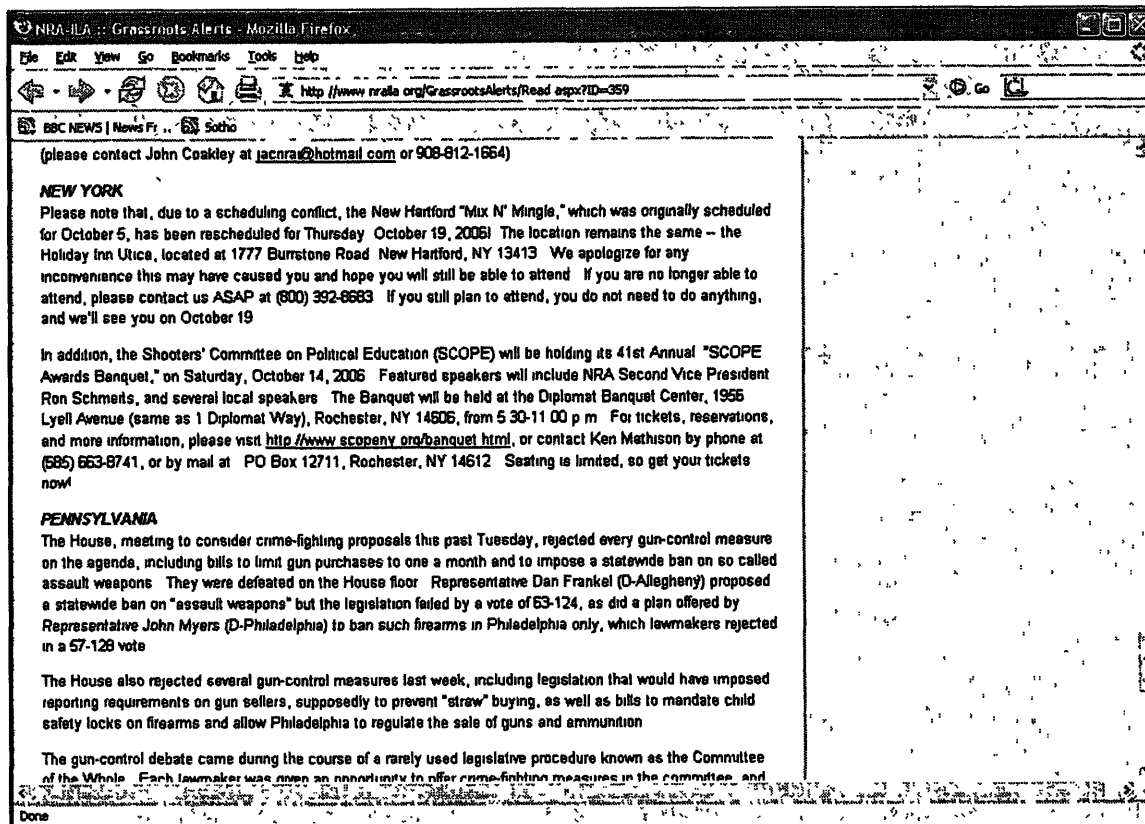

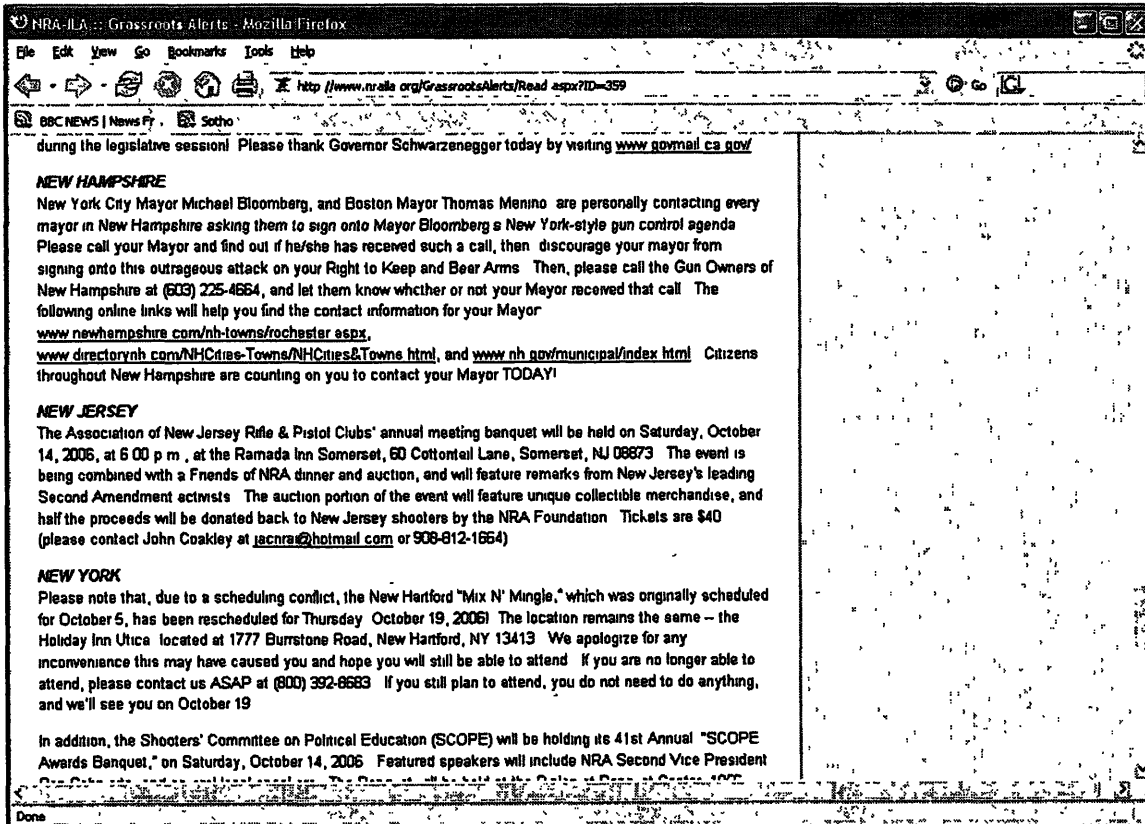

SB59, sponsored by Senator Alan Lowenthal (D-27) would have expanded the definition of the term "firearm" to include the frame or receiver of the gun for purposes of the offense of failure to report a stolen or lost firearm. This bill would also have made it a crime for any person whose handgun is stolen or irretrievably lost to not report the theft or loss to a local law enforcement agency within five working days after discovering the loss or theft, or within five working days after the date he or she should have reasonably known of the theft or loss. Additionally, SB59 would have allowed local governments to impose even stricter reporting requirements.

AB2714, sponsored by Assembly Member Alberto Tomco (D-20), would have required that no ammunition (or reloaded ammunition) be sold in a retail transaction unless the purchaser personally presents evidence of his or her identity and age, as specified, to the seller of the ammunition. It also would have severely undermined California's state preemption law.

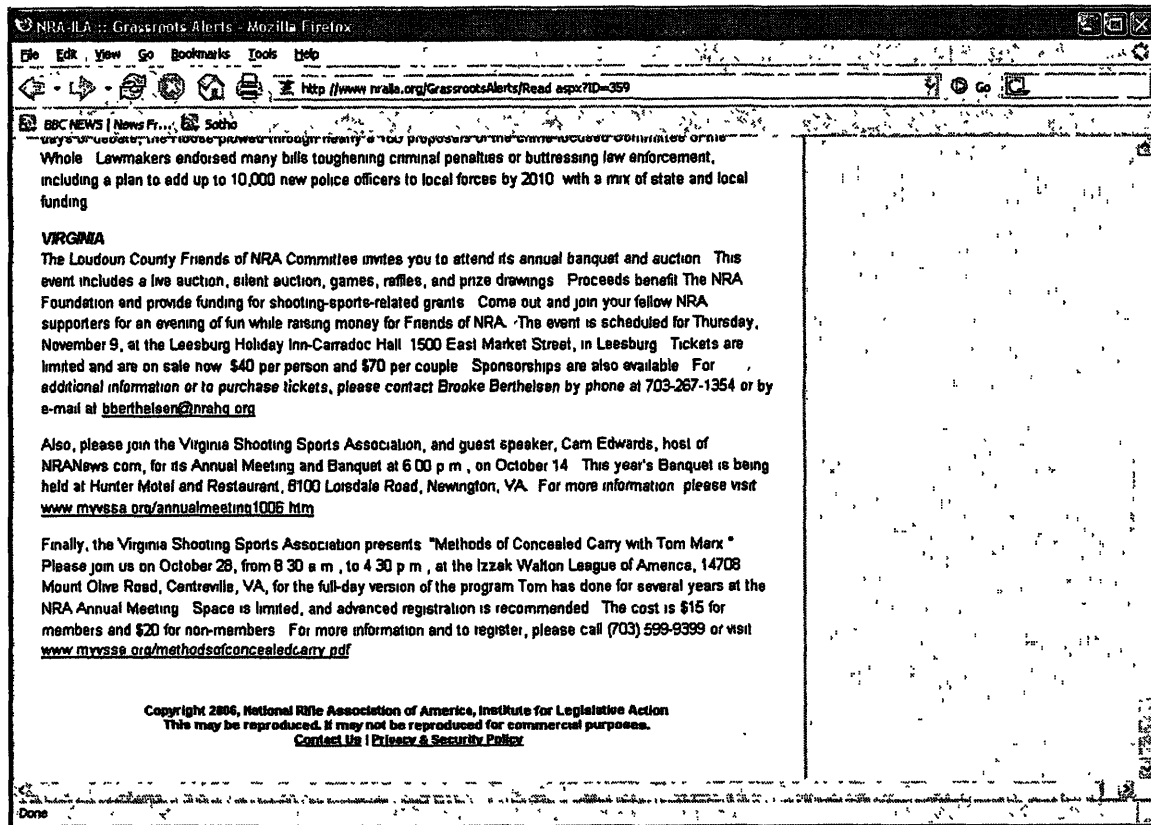

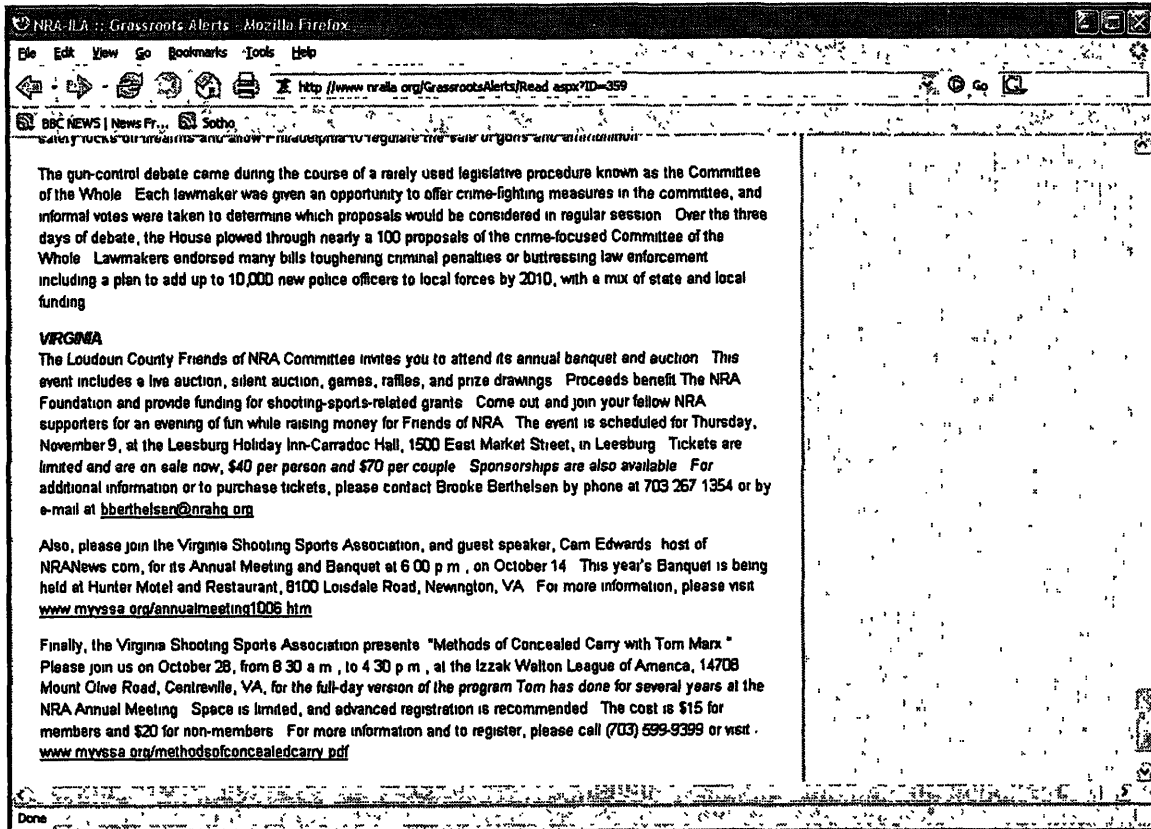

A special thank you to all NRA members for your calls, emails, and faxes in opposition of SB59 and AB2714 during the legislative session! Please thank Governor Schwarzenegger today by visiting [www.govmail.ca.gov/](http://www.govmail.ca.gov/).

States with updates this issue: Arizona, California, New Hampshire, New Jersey, New York, Pennsylvania, and Virginia.

## **ONE MONTH TO GO— WHAT (MORE) CAN YOU DO?**

With the November 7 elections just around the corner, here are some activities in which pro-Second Amendment activists must be involved to assure victory for pro-gun candidates on Election Day. While we can't expect every gun owner to do everything, we must work to ensure every gun owner does something!

**YARD SIGNS:** The key to placing yard signs is location, location, location. Put signs where large numbers of people will see them, but out of right of ways. Ask fellow firearm owners who have property that would make a good sign location to post a sign, and make sure the "natural resources of the pro-gun community" (gun shows, gun shops, shooting ranges, and gun and hunting clubs) have signs prominently displayed. Don't put signs on private property without permission, and don't tamper with the opposition's signs! And, of course, make sure you have a pro-gun candidate's sign in your yard or on your property!

**LITERATURE DROPS:** Literature drops are an extremely effective way for Second Amendment supporters to get out their message regarding pro-freedom candidates. Again, take advantage of the "natural resources" of the pro-gun

27044183183

community. Gun shows are the best venue to conduct a literature drop. Check with the show promoter to set up a literature table or share one with a fellow NRA member or pro-gun supporter. Or, better yet, hand out pro-gun candidates' literature to all attendees as they enter the show. If distributing literature in neighborhoods, never put materials in a mailbox! Remember, the goal of this activity isn't to debate with anti-gun voters, but rather, to distribute as much material to as many potential voters as possible!

**BUMPER STICKERS:** Make sure every vehicle you own has a pro-gun candidate's (and/or NRA) bumper sticker on it. Then, work to ensure the vehicles of your friends and fellow firearm owners are proudly displaying a sticker(s) as well!

**LETTERS TO THE EDITOR:** Please submit at least one letter to the editor of your local newspaper in support of a pro-gun candidate between now and Election Day. Consult your paper's deadlines, as some papers stop accepting political letters to the editor on a certain date prior to the election. You can find media contact information by visiting our homepage-- [www.NRAILA.org](http://www.NRAILA.org)-- and accessing the "Take Action" section and then clicking the "Write The Media" link. Your goal in writing should be to ensure that pro-gun candidates are receiving positive media in these final days leading up to November 7.

**GET OUT THE VOTE & ELECTION DAY ACTIVITIES:** Now that we are in the final month of the campaign season, candidates are focusing their efforts on Get Out The Vote projects, and laying the final groundwork for a barrage of Election Day activities. These activities require assistance contacting voters by phone, walking precincts, volunteering to drive pro-gun voters to the polls, and putting up signs and handing out literature at polling locations on Election Day.

**ATTEND A FREE NRA-ILA "MIX N' MINGLE":** "Mix N' Mingles" provide NRA members with training on what they can do locally to propel pro-gun candidates

to victory on Election Day. To see if a "Mix N' Mingle" is scheduled near you, or to register to attend, please call ILA Grassroots at (800) 392-VOTE (8683), or visit [www.nraila.org/workshops/](http://www.nraila.org/workshops/).

Thank you for all you have done to date to protect our freedom and for all you will continue to do until the polls close on Tuesday, November 7!

**GRADES & ENDORSEMENTS NOW

### ***PENNSYLVANIA***

The House, meeting to consider crime-fighting proposals this past Tuesday, rejected every gun-control measure on the agenda, including bills to limit gun purchases to one a month and to impose a statewide ban on so-called assault weapons. They were defeated on the House floor. Representative Dan Frankel (D-Allegheny) proposed a statewide ban on "assault weapons" but the legislation failed by a vote of 63-124, as did a plan offered by Representative John Myers (D-Philadelphia) to ban such firearms in Philadelphia only, which lawmakers rejected in a 57-128 vote.

The House also rejected several gun-control measures last week, including legislation that would have imposed reporting requirements on gun sellers, supposedly to prevent "straw" buying, as well as bills to mandate child safety locks on firearms and allow Philadelphia to regulate the sale of guns and ammunition.

The gun-control debate came during the course of a rarely used legislative procedure known as the Committee of the Whole. Each lawmaker was given an opportunity to offer crime-fighting measures in the committee, and informal votes were taken to determine which proposals would be considered in regular session. Over the three days of debate, the House plowed through nearly a 100 proposals of the crime-focused Committee of the Whole. Lawmakers endorsed many bills toughening criminal penalties or buttressing law enforcement, including a plan to add up to 10,000 new police officers to local forces by 2010, with a mix of state and local funding.

### ***VIRGINIA***

Elections matter. Precisely because of our work and success in the 2002 and 2004 elections, we were able to lay the groundwork for the victories that you will read about below. Second Amendment? Or, will our update contain bad news for gun owners? Election Day - Tuesday, November 7 - will be when the next chapter in the history of the Second Amendment will be written. Your work in the coming weeks will be what spells the difference between pro- and anti-gun candidates on Election Day. Thus, you will write the future legislative history of the Second Amendment.

Following is a list of the major federal victories we have seen during the 109th Congress

**Enactment of the "Disaster Recovery Personal Protection Act."** Within a year of Hurricane Katrina hitting the Gulf Coast, Congress passed the NRA-backed H.R. 5013, sponsored by Representative Bobby Jindal (R-La.), by an overwhelming 322-99 vote. This bill amended federal emergency laws to prohibit federal, state, and local authorities from confiscating lawfully owned firearms during emergencies or disasters. Senator David Vitter's (R-La.) amendment to prohibit the use of funds appropriated under the Homeland Security appropriations bill (H.R. 5441) for the confiscation of lawfully possessed firearms during an emergency or disaster passed the U.S. Senate by an historic 84-16 vote. The Jindal bill was substituted for the Vitter amendment in the conference committee and President Bush signed it into law on October 4.

**Enactment of the "Protection of Lawful Commerce in Arms Act."** President Bush, marking the culmination of six years of hard work by NRA-ILA and gun owners nationwide, signed "The Protection of Lawful Commerce in Arms Act" (S. 397) into law on October 26, 2005, thus ending the campaign of politically motivated lawsuits designed to bankrupt law-abiding American firearm manufacturers and retailers. The Senate passed S. 397 by a 65-31 vote on July 29, 2005 and then by the House by a 283-144 vote on October 20, 2005.

**Enactment of the "Tiahrt Amendment."** This amendment protects gun owners' privacy by prohibiting the release of firearm trace data to any entity except a law enforcement agency conducting a bona fide criminal investigation involving the firearm.

**Enactment of a tax exemption for custom gunsmiths.** During the same week the Senate passed S. 397, NRA-ILA helped win an important but less-publicized victory for small custom gunsmiths. A massive highway construction bill (which President Bush promptly signed into law) contained an amendment that exempts manufacturers of fewer than 50 firearms from "manufacturing" excise taxes.

And while many bills start out in Judiciary, they must all pass through the House Rules Committee before they go to the floor. The Rules Committee is a nearly all-powerful body that sets the ground rules for how a bill will be debated on the House floor—and on the amendments that can be offered. In line to fill that gate-keeping role, Rep. Louise Slaughter (D-N.Y.) Rep. Slaughter is a persistent cosponsor of anti-gun bills, including a bill to ban .50 caliber rifles, and another to reverse the Bush administration's policy of destroying instant check records on law-abiding gun buyers.

Of course, the last check on this anti-gun attack would be the House leadership itself. But don't look for much hope there, because would-be Speaker Nancy Pelosi also has a decades-long anti-gun track record. Pelosi, a close ally of fellow San Franciscan Dianne Feinstein, co-chaired the 1992 Democratic platform committee that endorsed gun bans, gun licensing, and gun registration, and joined Conyers in opposing expansion of Project Exile enforcement programs against violent criminals. Pelosi's sorry record on Second Amendment issues was underscored by one of her first acts on joining her party's leadership, when she was elected House Minority Whip, she hired a former Handgun Control, Inc. spokesman as her communications director.

**None of these pro-gun victories would have been possible with Pelosi, Conyers and Slaughter in control of the U.S. House of Representatives.** The message for gun owners and sportsmen is obvious. Elections matter, and votes count. We cannot take our past victories for granted; we must continue the fight. Pro-Second Amendment candidates can only win if NRA members lend their support to those who support our gun rights and hunting heritage.

Please refer to the previous two Grassroots Alerts for activities you need to undertake to ensure victory on November 7—registering to vote, contacting your EVC, volunteering on pro-gun campaigns, etc. NRA-PVF grades and endorsements are now available online at [www.NRAPVF.org](http://www.NRAPVF.org)

· **Enactment of a tax exemption for custom gunsmiths.** During the same  
week the Senate passed S. 397, NRA-ILA helped win an important but  
less-publicized victory for small custom gunsmiths. A massive highway  
construction bill (which President Bush promptly signed into law)  
contained an amendment that exempts manufacturers of fewer than 50  
firearms from "manufacturing" excise taxes

· **House Passage of H.R. 5092.** The NRA-backed "Bureau of Alcohol,  
Tobacco, Firearms, and Explosives (BATFE) Modernization and Reform  
Act," by Representatives Howard Coble (R-N.C.) and Bobby Scott (D-Va.),

passed the U.S. House of Representatives by an overwhelming bi-partisan 277-131 vote. H.R. 5092 was drafted in large part to address BATFE abuses at Richmond, Virginia area gun shows last year, which were detailed in three oversight hearings by the House Crime Subcommittee this spring. The measure will help curb BATFE's efforts to revoke dealers' licenses for minor paperwork errors, establish new guidelines for BATFE investigations, and improve the appeals process for dealers. It will also provide more accountability and much-needed reform to this federal law enforcement agency.

· **Enactment of critical hunting and conservation legislation.** Sportsmen and wildlife scored a critical victory when House and Senate negotiators approved a provision in the 2007 Defense Authorization Act that will save the herds of elk and mule deer on Santa Rosa Island (the second largest of California's Channel Islands) from court-ordered eradication. With encouragement from NRA-ILA, this Congress correctly determined it is in the public interest to maintain this sanctuary for these two remarkable species of animals.

Clearly, the past two years represent one of the most successful congressional sessions that gun owners have ever had. But make no mistake—all of our hard work and vital victories must be protected! This year's elections are critically important, as their outcome will determine whether our hard-fought gains will stand or fall.

The House Judiciary Committee has just sent several important pro-gun reform bills to the floor, but if control of the Congress changes hands, the new chairman of that committee would be John Conyers of Michigan—the only House member still serving who voted *for* the Gun Control Act of 1968, voted *against* the Firearms Owners' Protection Act of 1986, *denounced* crime-fighting proposals (such as Project Exile) that to his way of thinking “unwisely place a great emphasis on enforcement programs,” and has *repeatedly called for a national*

***ban on handgun ownership and possession!***

And while many bills start out in Judiciary, they must all pass through the House Rules Committee before they go to the floor. The Rules Committee is a nearly all-powerful body that sets the ground rules for how a bill will be debated on the House floor—and on the amendments that can be offered. In line to fill that gate-keeping role: Rep. Louise Slaughter (D-N.Y.). Rep. Slaughter is a persistent cosponsor of anti-gun bills, including a bill to ban .50 caliber rifles, and another to reverse the Bush administration's policy of destroying instant check records on law-abiding gun buyers.

Of course, the last check on this anti-gun attack would be the House leadership itself. But don't look for much hope there, because would-be Speaker Nancy Pelosi also has a decades-long anti-gun track record. Pelosi, a close ally of fellow San Franciscan Dianne Feinstein, co-chaired the 1992 Democratic platform committee that endorsed gun bans, gun licensing, and gun registration, and joined Conyers in opposing expansion of Project Exile enforcement programs against violent criminals. Pelosi's sorry record on Second Amendment issues was underscored by one of her first acts on joining her party's leadership; when she was elected House Minority Whip, she hired a former Handgun Control, Inc. spokesman as her communications director.

***None of these pro-gun victories would have been possible with Pelosi, Conyers and Slaughter in control of the U.S. House of Representatives.*** The message for gun owners and sportsmen is obvious. Elections matter, and votes count. We cannot take our past victories for granted; we must continue the fight. Pro-Second Amendment candidates can only win if NRA members lend their support to those who support our gun rights and hunting heritage.

**PRESIDENT BUSH SIGNS NRA-BACKED "DISASTER RECOVERY PERSONAL PROTECTION" MEASURE INTO LAW**

President George W. Bush recently signed legislation that included language based on H.R. 5013, the "Disaster Recovery Personal Protection Act," to prohibit the confiscation of legal firearms from law-abiding citizens during states of emergency. Passage of this legislation became a top priority of NRA following confiscations of lawfully-owned firearms by local officials in New Orleans in the aftermath of Hurricane Katrina. Prior to the President's recent action, NRA led the charge in passing "emergency powers" laws in 10 states. This new law was part of the Department of Homeland Security appropriations bill.

"I want to thank President George W. Bush for signing this vital measure into law," declared NRA-ILA Executive Director Chris W. Cox. "The chaos and civil disorder our country witnessed in New Orleans after the city effectively suspended the Second Amendment confirmed every law-abiding gun owner's worst fear - that gun confiscations can happen right here in America. As promised, NRA set out to pass legislation at both the federal and state levels to protect the Second Amendment rights of law-abiding American citizens."

The Homeland Security amendment was based on H.R. 5013, the "Disaster Recovery Personal Protection Act," which was introduced in the House by Congressman Bobby Jindal, R-La., and passed the House on July 25 with a broad bi-partisan margin of 322 to 99. Sen. David Vitter, R-La., introduced the Senate version of the bill. Sen. Vitter also championed the first Senate action on a different version of the appropriations amendment, which passed in July by an 84 to 16 vote, one of the largest margins of victory ever for an NRA-backed measure.

"The essence of the 'Disaster Recovery Personal Protection Act' was so compelling that it received strong, bipartisan support in Congress," continued Cox. "When 911 is non-existent and law enforcement personnel are overwhelmed with search-and-rescue missions and other emergency duties, law-abiding Americans must have legal protection to defend their families and loved ones in times of emergency. The NRA is honored to have helped guarantee this fundamental freedom."

### CALIFORNIA

On Tuesday, October 10, the City of Santa Clara withdrew its proposal to ban gun shows on city property. The City Council claimed it received a "huge volume" of e-mails from NRA Members across the State of California. A special thank you to all NRA members for your calls and e-mails against this threat to your Right to Keep and Bear Arms!

Also, on Saturday, October 21, at 9:00 a.m., the U.S. Forest Service (USFS), with assistance from PLINK, a cooperative program of the NRA Members Council, El Dorado Rod & Gun Club, and the USFS, will be cleaning up shot shells and targets from Tiger Creek Quarry. Volunteers are needed to preserve this valuable shooting sports resource. Volunteers will gather at the Firehouse Café in Diamond Springs at 7:30 a.m. for a complimentary breakfast prior to caravanning to the site. If you are unable to attend for breakfast, take Highway 88 about 18 miles east of Jackson to Buckhorn, then turn south (right) on Tiger Creek Road. At the Reservoir, keep driving east above the PG&E houses on the one-lane paved Salt Springs Road for a bit over one mile, then turn right 500 yards down into the quarry. To RSVP, please contact Steve Morgan at (530) 620-3946 or by e-mail at [NRAPLINK@COMCAST.NET](mailto:NRAPLINK@COMCAST.NET).

### NEW JERSEY

On October 11, by a vote of 6 to 2, the Jersey City Council passed Ordinance #06-116. This was Jersey City's latest attempt to rewrite its illegal "one-gun-a-month" law, which passed in June and is the subject of a pre-emption lawsuit commenced by the Association of New Jersey Rifle & Pistol Clubs. The two votes against the rationing scheme came from Councilman Michael Sottolano (E-mail: [sottolanom@cnj.org](mailto:sottolanom@cnj.org), Phone: (201) 547-5098), and Councilwoman Viola Richardson (E-mail: [richardsonv@cnj.org](mailto:richardsonv@cnj.org), Phone: (201) 547-5338). Although Councilwoman Richardson originally supported the ordinance in June, she expressed doubts about its effectiveness at reducing crimes and changed her vote at the October 11 Council meeting. Members are encouraged to contact Councilman Sottolano and Councilwoman Richardson and thank them for their courage and integrity. The new ordinance was apparently intended to correct technical defects in the original law, but failed to address the law's fatal defect—the fact that it is pre-empted by New Jersey state law and violates equal protection. It continues to leave Jersey City residents unable to defend themselves if their firearm requires repair or is stolen within four weeks of purchase. The new ordinance goes even further than the original by adding a new provision making Jersey City residents criminals if they lawfully purchase, or even apply to purchase, more than one handgun within 30 days. It further targets Jersey City's federal firearm licensees by imposing an impossible burden of trying to ascertain whether a purchaser has, in fact, purchased or made application to purchase a handgun within the previous 30 days. The Association of New Jersey Rifle & Pistol Clubs (NRA's New Jersey State affiliate) will continue to challenge the illegal ordinance in Court. Jersey City continues to be defended for free by a private law firm whose services were secured by CeaseFire New Jersey.

Also, the Association of New Jersey Rifle & Pistol Clubs' annual meeting banquet will be held tomorrow, Saturday, October 14, 2006, at 5:00 p.m., at the Ramada Inn Somerset, 60 Cottontail Lane, Somerset, NJ 08873. The event is being combined with a Friends of NRA dinner and auction, and will feature remarks from New Jersey's leading Second Amendment activists. The auction portion of the event will feature unique collectible merchandise, and half the proceeds will be donated back to New Jersey shooters by the NRA Foundation. Tickets are \$40 (please contact John Coakley at [jacnra@hotmail.com](mailto:jacnra@hotmail.com) or (908) 812-1864).

### **"GIVE THEM BACK"**

As you've read in previous Grassroots Alerts and in the article above, in the wake of Hurricane Katrina, law-abiding citizens had their lawfully owned firearms confiscated by local officials. When citizens needed protection the most, they were stripped of their right to self-defense. As you also read above, President Bush recently signed NRA-backed legislation to ensure such travesties are never repeated.

NRA has launched a new web site-- [www.givethemback.com](http://www.givethemback.com) --with shocking video coverage of New Orleans gun confiscations that you'll never see on ABC, CBS, or NBC. This site gives gun owners a stark and brutal reminder of why we must defend our firearm freedoms with passion and vigilance, in Congress, in state legislatures, in the courts...AND ON ELECTION DAY.

This site makes it clear why gun owners can never, ever sit on the sidelines during an election. This site is a slap-in-the-face wake up call for every gun owner who thinks anti-gun politicians don't have the nerve or the will to confiscate our guns. And why they must be defeated before they ever get their hands on power.

Please be sure to visit [www.givethemback.com](http://www.givethemback.com) today, and forward the link to your friends, family and fellow gun owners. Remember what happened in New Orleans, and let your voice be heard on Election Day--Vote for Freedom on November 7! With your help, we're going to make the first time in New Orleans the LAST time in America.

**SECOND ANNUAL  
"FIREARMS LAW & THE SECOND AMENDMENT"  
SYMPOSIUM A SUCCESS**

More than 140 attorneys, law students, and members of the public attended this year's "Firearms Law & The Second Amendment" symposium, held Oct. 7, at George Mason University School of Law in Arlington, VA. The guests heard presentations from leading scholars on key issues affecting firearms ownership, including:

- Profs. Nelson Lund and Robert Cottrol on the text and history of the Second Amendment;
- Attorney David Hardy on recent claims that the Second Amendment protects gun control;
- Attorneys Lawrence G. Keane of the National Shooting Sports Foundation and firearms law specialist Richard Gardiner on current issues in firearms litigation;
- Prof. Joyce Lee Malcolm and Independence Institute Research Director David

Kopel on gun ownership issues around the world, including U.N. gun control activities and the movement Kopel described as the "pacifist-aggressives"—those who refuse to defend themselves, and want to prevent others from doing so as well.

· Prof. Renee Lettow Lerner on the international movement to strengthen innocent citizens' self-defense rights, and Prof. Brian Patrick on how pro-right-to-carry activists used their own communications networks to bypass media opposition to legislative reforms.

The NRA Foundation and the NRA Civil Rights Defense Fund cosponsored the event with GMU's Law Students for the Second Amendment. Video of the event will be available soon at [www.nraila.org](http://www.nraila.org) --watch this Alert for updates!

volume" of e-mails from NRA Members across the State of California. A special thank you to all NRA members for your calls and e-mails against this threat to your Right to Keep and Bear Arms!

Also, on Saturday, October 21, at 9:00 a.m., the U.S. Forest Service (USFS), with assistance from PLINK, a cooperative program of the NRA Members Council, El Dorado Rod & Gun Club, and the USFS, will be cleaning up shot shells and targets from Tiger Creek Quarry. Volunteers are needed to preserve this valuable shooting sports resource. Volunteers will gather at the Firehouse Café in Diamond Springs at 7:30 a.m., for a complimentary breakfast prior to caravanning to the site. ## ***NEW JERSEY***

On October 11, by a vote of 6 to 2, the Jersey City Council passed Ordinance #06-116. This was Jersey City's latest attempt to rewrite its illegal "one-gun-a-month" law, which passed in June and is the subject of a pre-emption lawsuit commenced by the Association of New Jersey Rifle & Pistol Clubs. The two votes against the rationing scheme came from Councilman Michael Sottolano (E-mail: [sottolanom@jcnj.org](mailto:sottolanom@jcnj.org); Phone: (201) 547-5098), and Councilwoman Viola Richardson (E-mail: [richardsonv@jcnj.org](mailto:richardsonv@jcnj.org); Phone: (201) 547-5338). Although Councilwoman Richardson originally supported the ordinance in June, she expressed doubts about its effectiveness at reducing crime and changed her vote at the October 11 Council meeting. Members are encouraged to contact Councilman Sottolano and Councilwoman Richardson and thank them for their courage and integrity. The new ordinance was apparently intended to correct technical defects in the original law, but failed to address the law's fatal defect--the fact that it is pre-empted by New Jersey state law and violates equal protection. It continues to leave Jersey City residents unable to defend themselves if their firearm requires repair or is stolen within four weeks of purchase. The new ordinance goes even further than the original by adding a new provision making Jersey City residents criminals if they lawfully purchase, or even apply to purchase, more than one handgun within 30 days. It further targets Jersey City's federal firearm licensees by imposing an impossible burden of trying to ascertain whether a purchaser has, in fact, purchased or made application to purchase a handgun within the previous 30 days. The Association of New Jersey Rifle & Pistol Clubs (NRA's New Jersey State affiliate) will continue to challenge the illegal ordinance in Court. Jersey City continues to be defended for free by a private law firm whose services were secured by CeaseFire New Jersey.

Also, the Association of New Jersey Rifle & Pistol Clubs' annual meeting banquet will be held tomorrow, Saturday, October 14, 2006, at 6:00 p.m., at the Ramada Inn Somerset, 60 Cottontail Lane, Somerset, NJ 08873. The event is being

combined with a Friends of NRA dinner and auction, and will feature remarks from New Jersey's leading Second Amendment activists. The auction portion of the event will feature unique collectible merchandise, and half the proceeds will be donated back to New Jersey shooters by the NRA Foundation. Tickets are \$40 (please contact John Coakley at [jacnraci@hotmail.com](mailto:jacnraci@hotmail.com) or (908) 812-1664).

**{Welcome to the NRA Political Victory Fund}**

Thank you for visiting and for your support. Working together, we have experienced many successes over the last six years, from the ballot box to state legislatures across the country and in the U.S. Congress. In 2000 we defeated Al Gore. In 2002, we elected pro-freedom candidates to Congress, Governors mansions and state legislatures across the country--it was the most successful election cycle in NRA-PVF history. We won 94% of our U.S. Senate races, 84% of our U.S. House races and 82% of our state legislative races. In the 2004 elections, more NRA resources were better deployed in more critical battles than ever before. [Read More](#)
